

Recover Physiotherapy Ltd, a leading Norwich based physiotherapy practice are announcing exciting opportunities for successful business people to acquire a Recover Physio Franchise.

Established by Stuart Wardle in 2012 Recover Physio are offering Franchise Business opportunities to experienced business people who will not only actively manage the practice, employing a Practice Manager and suitably qualified staff, but also market the business and run it to the same high standards that Recover Physio have established. See our website www.norwich-physio.com for more information on Recover Physio and our range of treatments.

We do not expect the franchisee to have any experience or knowledge of the delivery of Physiotherapy as full training of this service will be provided to staff centrally.

For an investment of £22,500, plus the cost of premises, fitting out and staff training, you will acquire the systems and processes, the know how and support that it has taken Stuart Wardle years to establish.

You will be fully trained in all aspects of owning and operating a Recover Physio Franchise. You will then be supported by the experienced Recover Physio team as you develop your franchise business.

Your key responsibilities will be -

- Actively marketing the business on a local level
- Ensuring that Recover Physio standards of service are maintained through all levels of the business
- Managing bookings and payments
- Delivery of Recover Physiotherapy services and products through properly qualified and trained staff
- Close adherence to the regulations that apply to Health and Safety, Human Resources, GDPR, Safeguarding, the HCPC Code of Conduct and the Recover Physiotherapy Franchise Operations Manuals.
- Keeping financial records, reconciling accounts, reporting to Recover Physio Franchise Ltd. as required

Send your contact details to our Recruitment Consultant Richard Langrick at email address franchise@recoverphysio.co.uk and we will call you to further discuss the franchise opportunity with you.
